Re: Senior Services Committee Appointment - Andrew Roskos

This memo is to present Mr. Andrew Roskos for appointment to a three-year term on the Senior Services Committee. Trustee Trybus and committee members Val Lester and Ruth Resko interviewed Mr. Roskos and have recommended him to serve on the Senior Services Committee.

Mr. Roskos is an architect currently enrolled in the Gerontology program at Concordia University. He is interested not only in interactions between people and the built environment, but also in fostering intergenerational relationships and addressing the impact of isolation on health and well-being of older adults.

In addition to the vacancy to be filled with this appointment, there are currently two more vacancies on the committee.
