Vision Statement

Through IGOV, Oak Park's taxing bodies work together to provide the community with a more informed and responsive government.

Mission

- To discuss issues that impact each taxing body or the community as a whole.
- To inform members of each governmental body of the issues and actions of the other governmental bodies with the expectation that members will report back to their boards.
- To hold semi-annual forums on topics of general interest to the community.
- To build relationships between elected officials in each taxing body.

Values

- Government works best when we work together.
- Sharing information across governmental bodies improves decision making.
- Collaboration allows for the efficient use of limited resources.
- Developing relationships fosters responsiveness and allows for efficient problem solving.
